

# ATV-HV Series Slim-Profile Air Handlers

## Designed With Depth Constraints In Mind

ATV-HV chilled water air handlers were designed for applications where very little depth is available. Showcasing a unique vertical layout, these air handlers have the coil low and the blower above.

Featuring a slim profile, ATV-HV air handlers make previously unusable areas suitable for installation. With a depth of only 9.4 in. (240 mm), these units can be hidden in side areas instead of in places above or below, where most air handlers are installed. ATV-HV air handlers have a high-velocity blower with internal motor that keeps overall unit depth to a minimum, resulting in easier installation.

ATV-HV air handlers are available in two configurations: Low-profile (LP) and square (SQ). LP models have a reduced height for installations where height, as well as depth, is restricted. SQ models have a square blower assembly that allows 90° of blower rotation in the field.

ATV-HV air handlers are constructed with corrosion-resistant materials and have drain pans lined with an anti-slosh, anti-fungal foam. Exposed metal surfaces are insulated against secondary condensation. Options include a flow control valve that balances chilled water distribution throughout the system, and electric heat.

The ATV's slim-profile design is ideal for installation in walls and other areas where depth is limited.

### Key Benefits

- Unique vertical design results in dramatically reduced depth
- Fits into walls and other tight spaces
- Exposed components are insulated against secondary condensation
- High-velocity (HV) blower with internal motor to reduce depth
- Low-profile models (ATV\*HV-LP) have a reduced height for tight installation spaces
- Square models (ATV\*HV-SQ) allow 90° of blower rotation in the field
- Electrical box can be remotely mounted up to 6 ft. (1.8 m)
- Drain pan has anti-slosh, anti-fungal foam lining
- Optional flow control automatically balances circulated water throughout the system
- Optional electric heat
- Optional Breathe Easy™ microparticle air filter

## Specifications for ATV-HV Series Slim-Profile Air Handlers

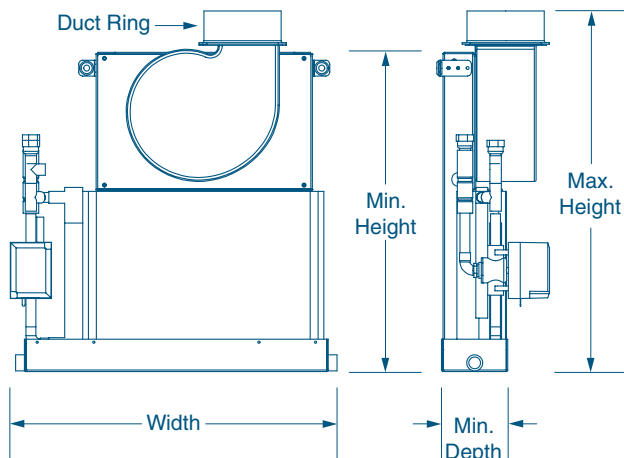

Model <sup>(1)</sup>	ATV6HV-LP		ATV9HV-LP		ATV12HV-LP		ATV18HV-LP		ATV24HV-LP	
Nominal Capacity - Cool (BTU/h)	6000		9000		12000		18000		24000	
Voltage @ 50/60Hz 1-Ph (V)	115	230	115	230	115	230	230	115	230	115
Full Load Amps (FLA) Cool (A)	1.6	0.9	1.1	0.7	1.5	0.7	1.15	2.3	1.64	2.3
Full Load Amps (FLA) Blower (A)	1.6	0.9	1.1	0.7	1.5	0.7	1.15	2.3	1.64	2.3
